

# API - Generate a New Token

In order to generate a new token / API key there are a few prerequisite steps that must be followed first. Please be sure of the following before proceeding.

- **Dashboard**

- Generating new tokens can only be done from the Seygov dashboard
- You must be logged into your Seygov account, go to the settings drop down, and click API Settings

Once you've checked all the prerequisites you can generate a new token from the dashboard.

## API **Details**

**Information:**

Below you can generate a new API key to interact with the datasets on Seygov. Be sure to visit our [Documentation](#) section for the correct methods on interfacing with our API. Generating a new key will discontinue any previous keys that you generated.

Generate API Access Key

GENERATE KEY

For reference the steps required are:

1. Sign into <https://seygov.com>
2. Click Dashboard from the top right menu
3. Hover the Settings button from the main menu drop down
4. Click API Settings
5. Scroll down to Generate API Access Key
6. Click the Generate Key button
7. Click the token, it is a hyperlink, it will automatically copy the token to your clipboard.
